It is hard to believe that the great enduring sound of Motown can be successfully re-mixed but the new Motown Remixed album has done just that.

The Motown Remixed CD is just an amazing project that needs to be recognized. It will surely give the younger generation a greater appreciation of the Motown era of music, by enlisting some of the hottest beat makers from the rap and hip-hop world.

Release date - May 24, 2005 on Motown Records
