Mob Life Records, like always ; are still on the grind.

730's mixtape is out and the cover and tracklist are below.

2005 looks like it is going to be a good year at Mob Life Records.

Mopreme comes out in 2005. There will most likely be a Mopreme mixtape soon. Tha Realest and 730 did an entire album together, a group project. That is coming out early 2005. That album is crazy. There are a total of 16 songs. It features Swoop G, G-Money from Me Against The World album, New Child and some sick new cats.

We will keep you up on the 2005 releases but 730's mixtape is available now. Click [here](#) to order the mixtape
