### April Hip Hop Giveaway 2 – Pac's Life Single on Vinyl

Last month we were pleased to giveaway the 6th posthumously released studio album from the late hip hop icon Tupac Shakur (2Pac), 'Pac's Life' on vinyl.

In keeping with promoting the legacy of one of the greatest figures to come out of hip hop culture, ThugLifeArmy.com and our media partner CRNLive.com are again proud to offer another item by Tupac (2Pac), the single 'Pac's Life' feat. Ashanti and T.I. and produced by LT Hutton on vinyl as one of this months giveaways.

These 'promo' copies of the single are supplied by Amaru, Interscope Records, Dennis Dennehy, Lauren Burns and Interscope Publicity and we would like to thank them for their generosity in providing us the opportunity to offer this giveaway.

New music from hip hop icon Tupac Shakur (2Pac) is always a greatly anticipated event. Hip Hop culture surely misses new music and thought provoking lyrics from the late hip hop rap artist who was murdered over 10 years ago.

Tupac's legacy and his music live on thanks to the hard work and dedication of his mother, Afeni Shakur and the entire staff at Amaru, and TASF. As time passes the Legacy of Hip Hop cultures most loved 'soldier' grows stronger. Tupac (2Pac) remains one of hip hop's greatest icons. His life was short but his impact on so many, even outside the realm of hip hop and rap circles, continues to this day.

Like the song Pac's Life says "only real niggaz stay on top", and Tupac (2Pac) has remained on 'top' in hip hop culture, even after his passing over ten years ago. The album commemorates the 10 year anniversary of the late poet, activist, actor, hip-hop icon and rap legend.
