Sept. Hip Hop Giveaway – Tupac Shakur 'Resurrection'

Some would call Tupac Shakur a hip hop icon or maybe the G.O.A.T. in the rap music game but a real observation and description of the man Tupac Shakur would be a politically conscious street poet.

In October of 2003 the book 'Resurrection' was released in conjunction with the film on the hip hop icon. It is an autobiographical book - in Tupac's own words, just like the film. On March 7, 2006 the book on the hip hop icons life was released in paper back edition.

Since this month we recognize the 10th anniversary of the passing of the legendary hip hop icon and the man Tupac Shakur, we are offering this amazing work of art and insight into the legendary hip hop street soldier.

Thanks to Simon and Schuster we are proud to offer copies of the book 'Resurrection' in paper back edition as one of our September hip hop giveaways.

This giveaway will run until October 1st. To enter this www.ThugLifeArmy.com Sept.Hip Hop Giveaway email
