"I say it every time, that Tupac left us the blueprints to follow, and without the amazing contributions made by everyone of these artists, producers, musicians, everyone, I do not know how I would get this great task accomplished," says Afeni Shakur, the mother of the slain hip hop icon, the album's executive producer (along with Tom Whalley) and founder of the Tupac Amaru Shakur Foundation, "I believe whole-heartedly that Tupac sends the people he wants to these projects."
