### Tupac Shakur

West coast rap artist Assassin, and an original Thug Life member, will be starting a new Tupac CD project titled '2Pac 2005: The Way He Wanted It'.

So far the producers that will definitely be part of it are Assassin, Mike Mosley, and Shock G.

Of course only people that 2Pac would have wanted on it will be involved. I'm talking about the 'realest people' alive, [NO EMINEM, NO G-UNIT, no hip-hop flops]. I'll keep everyone posted, but please let us know what you think.

This CD project will most likely be sold as a mix tape.

There will also be a cover contest for this CD. The winner will receive \$500 cash and prizes, and just a heads up: unused/rare pictures will have a better chance of winning, so be original.

All submissions must be sent to this e-mail and they will then be sent along to Assassin, Yuklawz@hotmail.com

. When you submit your cover entry, put your name and e-mail address in it.

Thanks to Josh from [WCRydaz](#) for the information.
