### Tupac: A Thug Life

West coast legendary hip-hop rap artist, the late Tupac Shakur sells more albums now than he did in the height of his career.

Tupac Shakur was a gangsta-rapper who praised the 'thug life'; he was also a young man who hoped for spiritual awakening among his peers, and the sensitive son of a single mother; political activist Afeni Shakur.

Every aspect of Tupac's condensed life and career is explored in a new book entitled Tupac: A Thug Life.

Thru interviews, articles, reviews, dozens of photos, and essays, Sam Brown the editor of the book, looks into the life of the legendary late rap icon.

Featured interviews include those with Death Row Records CEO and Tupac friend Marion "Suge" Knight; west coast rapper and ex-label mate of Tupac's, Snoop Dogg; Tupac's mother, Afeni Shakur; and actor Tim Roth, who co-starred with Tupac in Gridlock'd.

The book will be released March 30<sup>th</sup>, published by Plexus Publishing (UK).
