Underground hip hop legend, Revolutionary leader, accomplished battle champion, and an independent hip hop / rap success selling more than 135,000 units without a major label, Immortal Technique is now preparing to release one of the most anticipated hip hop albums of 2008 on June 24th, "The 3rd World.

Today, July 11th Immortal Technique begins his tour across the US, promoting his current release, 'The 3rd World', a collaboration with hip hop's mighty DJ Green Lantern.

The Harlem born hip hop MC Immortal Technique will be traveling across Vermont, Pennsylvania, Michigan, Indiana and Illinois, but that is only in the first week. Legendary hip hop MC Immortal Technique will remain touring until September within the US and then will continue on to the second half of the tour over seas.

"The 3rd World" has already received 4 Mics in The Source and a XL review in XXL magazine, still with much more success to come. For tour dates, visit him on MySpace at www.myspace.com/immortaltechnique
