Release Date April 19th.

Inglewood California natives and Westside Connection affiliates allfrumtha i return with their third and best album to date entitled 'Larger Than Life' due April 19th on Free Agency Recordings.

The duo is composed of hip-hop rap artists Squeak Ru and Binky Mack and their name allfrumtha i stands for 'We're All From Inglewood '. The larger than life album features their extended family including Boo Kapone and The RoadDawgs and production work from The Produkt (Binky Mack and DonDoe). Squeak and Binky have crafted an album that blends a sense of mature introspection with heaters, anthems and club bangers you would expect from these West Coast veterans. The tracks "Runnin' This" and "Hero" are burning up the Southwest, "Lil' Momma" is quickly becoming a certified club hit and the duo launches the ' Larger Than Life Tour' in March.

Squeak and Binky speak on their new album, "This new CD, 'Larger Than Life' is the best collaborative CD we ever recorded and wish it was our introductory CD into the game. We took our time and the songs are bangin. Our fans are going to love it, it's classic allfrumtha i. Hellava CD."

They have toured nationally for years, charted singles and have mix show hits with " County Jail ", "Fill My Cup", "Dopest..." and "Everybody", made numerous TV appearances including The Jamie Foxx Show, Motown Live, Soul Train, BET's Rap City & The Basement and more. Squeak Ru and Binky's West Coast affiliations run deep with appearances and production work
