The hip-hop, rap and urban culture web site based around rap icon Tupac Shakur and his mindset, ThugLifeArmy.com, is proud to announce a new addition to our little family.

Keith, the Co-Administrator, Assistant Editor and staff writer / news poster and also the graphics editor, had a new addition to his family early Sunday morning.

Keith and his lady Kathleen are the proud parents of Kaylee Megan. She arrived about 6:00 A.M. Sunday morning (March 12th) and weighed in at 8 lbs.

Keith and Kathleen are two great people. Over the last few years the bond that my family and his family have developed is truly a blessing for all of us.

As the families involved in the site experience life and grow, it is such a blessing to see this couple blessed with a child. Over the past few years we as a site, have lost a member of the site staff to death. I recently lost my best friend – my mother. We have had our share of life's ups and downs – but now we have birth; a new life to mold and cherish and educate.

Keith told me it was love at first site when he saw Kaylee and this is truly a life changing day for him. Keith has built a good relationship with my daughter, so I know the kind of dad Kaylee has – and all three Keith, Kathleen and Kaylee are so lucky to have each other; they will make a great family.

All the best goes out to Keith and Kathleen and of course Kaylee Megan. They deserve all the best, and although I am a few states away from them, I am looking forward to 'spoiling' my newest friend Kaylee Megan. One love to all 3 of them and may your life always be a blessing.
