San Francisco Bay area label Familia Inc is set to make their initial mark on the hip-hop community with the release of their premiere artist releases, both set for March 2006 street dates.

The first release will come from premiere rap artist, L Matik, with the release of his debut, "Still On The Block," to be released on March 14th, 2006. "Still On The Block," was produced by Anthony "Ant" Banks and will contain the forthcoming radio single, "I'ma Stay Ghetto."

L Matik has a rapping style all of his own, but occasionally there are comparisons to some of the greatest rap artists of all times. Possibly due to his aggressive, in your face lyrics such as on the track, "Task Force is Haulin," or even on the spiritual side of "Holy Raindrops," the resemblance is there to some people but to L Matik it's purely coincidental.

L Matik recruited one of the top pioneers of Bay Area Hip-Hop and Rap, legendary rap artist Too \$hort, to make a special appearance on the forthcoming single, "Weekend Hoe'z," which will be released soon. "Still On The Block," has 17 singles and not one weak link in the chain from start to finish creating one of the cleanest start to finish releases to come out in years.

Familia's second release will follow two weeks later with the debut from rap artist Global and his release, "Global Warning," set for a release date of March 28th, 2006. "Global Warning" was produced by Heat Rocks and contains the future smash hit, "It Ain't Personal."

It is said by many Bay Area rap industrialists that Global is the hottest Bay Area hip-hop prospect to come out in years; with his upcoming singles "It Ain't Personal," "Anytime," featuring Cozmo, and the new Bay Area Anthem, "Yadadamean." "This album is "pure fire," and the hottest ensemble to hit this side of the "globe" in years."

About Familia Inc.:

Familia Inc. was founded by President, CEO, Joe Salazar; and Vice- President, COO, Alfonso Castro on January 2004. Through the state of California Familia Inc incorporated their company in November 2004 and secured a business license in Solano County shortly thereafter. Currently they are building additional subsidiaries of the corporation as in Familia Music Publishing, Familia Entertainment, and Familia Studios.

Familia Inc. is a Record Label designed to identify, develop record, promote, and distribute our Artists. The concept as an independent record label is simple. Identify the Artists with the sound, marketable background, and the person that truly defines "Familia." We have a panel of industry leaders that along with the Board of Directors have a voice in this identifying and developing process which includes Artist/Producer, and Executive Producer for our first project Anthony "Ant" Banks, Alan Hubbard Regional Media Marketing Manager with Best Buy, Rob Nonies with Bayside Distribution, and longtime Entertainment lawyer Michael Ashburn amongst a cast of others.
