A statement has been released Saturday evening by ODB's mother, Cherry Jones concerning the death of her son. This is the latest news on the death of Wu Tang rapper Ol"Dirty Bastard. It changes the rumors to fact. ODB has died.

"This evening I received a phone call that is every mother's worst dream," she said. "My son, Russell Jones, passed away. To the public, he was known as Ol" Dirty Bastard. To me, he was known as Rusty, the kindest and most generous soul on earth. I appreciate all the support I received. Russell was more than a rapper — he was a loving father, brother, uncle and most of all, son. With love, Cherry Jones."

Surely there will be much more to follow on this story. We will bring you updates as we get them. R.I.P. - ODB
