Straight Outta Hunters Point

Wednesday April 20th @ SF State 4-7pm in

Science rm 101

.

San Francisco State was the first university in the country to militantly struggle for ethnic and working class emancipation through the development of culturally relevant curriculum. This collaboration continues this revolutionary agenda by bringing together communities of scholars and hip hop activists who would otherwise remain in isolation by virtue of geography and social context, with students, teachers, and writers, interested in the social forces that have shaped the hip hop generation in America and beyond.

Thursday April 21st Straight Outta Hunters Point will screen as a fundraiser for Ukiah's 105.1 FM KMEC Radio

. As part of their

Mendocino Environmental Center

Earthweek festival. For Info on this event call
