Wu Music Group proudly presents TIMELESS the debut album by hip hop artist Gab Gotcha set for release on December 7th 2010. The first single of the album will be "WATCHING" produced by Rel "the Beast. Gab Gotcha is prepared to expand hip hop's new frontier, give fans what they have been craving and forever make his mark on hip hop's world landscape.

Gab Gotcha has long been a vital component to the Queens and underground hip hop scene having worked and spit verses on numerous collaborations with artists/groups such as The Beatnuts, Joell Ortiz, Razz Kass, Scram Jones and Sha Stimuli. Gab Gotcha has garnered wide street buzz and radio support during the release of his mixtapes, "Hustler's Prayer" and "United States of America -vs- Gab Gotcha Vol. 1" which received airplay on NY's Hot 97 FM, XM Satellite radio and NYU's college radio station in addition to heavy airplay in international markets including Chile, Brazil France, Italy and Colombia

With life experiences serving as both the narrative and the inspiration in his music, Gab Gotcha was eager to shine light on the content, energy and flow of his rhymes as an MC. "It only seemed natural for Wu Music to bring this MC's creativity to the hip hop forefront while at the same time putting the raw taste of Wu-Tang back on the streets " says Rza. TIMELESS is the definite must-have hip hop album for December 2010 having already been hailed by OnSmash.com as the album "that will remind hip-hop fans that real hip-hop still lives".
