A monumental release is in store for classic underground Hip-Hop and rap fans as Nervous Records and Duck Down Records join forces to make the entire catalog of Music Video's from Boot Camp Click related artists and groups; including Music Videos from Black Moon, Smif N Wesson, Heltah Skeltah, OGC, Boot Camp Click and more commercially available for the first time ever.

Included on the Video Surveillance DVD is over 120 minutes of (37 videos) of authentic Hip-Hop Videos culled from the complete catalog of BCC LP's, which have combined to sell over 2,200,000 units and still climbing.

With the BCC's recent revival (which included the label's "Triple Threat" campaign from 2005, which boasted releases from hip-hop and rap artists Sean Price- Monkey Barz, Buckshot & 9th Wonder's Chemistry and Smif N Wesson's Reloaded) the BCC's Video Surveillance DVD brilliantly captures the BCC movement!

The street release date for Video Surveillance DVD is March 14th. This is epic adventure and one I have never heard of in the hip-hop genre before; make sure you keep your ears open for this one.
