Tupac: A Thug Life

More successful now than at the peak of his career, late legendary rap hip-hop icon Tupac Shakur continues to sell albums in massive quantities around the world.

Tupac was a gangsta-rapper who praised the 'thug life'; he was also a young man who hoped for spiritual awakening among his peers, and the sensitive son of a single mother.

Every aspect of Tupac's curtailed life and career is explored in a new book entitled Tupac: A Thug Life.

Thru interviews, articles, reviews, dozens of photos, and essays, Sam Brown the editor looks into the life of the late rap icon.

Featured interviews include those with Death Row Records CEO and Tupac friend Marion "Suge" Knight; west coast rapper and ex-label mate of Tupac's, Snoop Dogg; Tupac's mother, Afeni Shakur; and actor Tim Roth, who co-starred with Tupac in Gridlock'd.

The book will be released March 30th, published by Plexus Publishing (UK).
